

Modern Slavery Statement

Modern Slavery Statement for 2023

As a subsidiary of the Filtration Group Corporation, PCI Membranes is committed to our mission of making the world safer, healthier, and more productive. A key part of our mission is our strong commitment to the highest ethical standards and the value that all people should be treated with respect and dignity. As such, we recognize our responsibility to help put an end to modern slavery and human trafficking.

As part of our supply chain practices we require our suppliers to comply with all laws including the U.K. Modern Slavery Act of 2015 and other laws that prohibit human trafficking and slavery. Our training program for supply chain personnel includes education on these important supplier requirements and the key role they play in promoting ethical and compliant practices by our suppliers.

We will continue to monitor developments and laws that promote the eradication of human trafficking and slavery and will update our policies accordingly.

A handwritten signature in black ink, appearing to read 'I. Sadler', with a stylized flourish at the end.

Ian Sadler

Managing Director
